# Be a neighbour to Mandai Integrated Resort

With government plans and investment underway to turn the leafy swathe of Mandai into a **126ha eco-tourism hub**, the area will house the famous Singapore Zoo, the River Safari, the Night Safari, the Bird Park, and the new Rainforest Park from as early as 2020.

There will also be **eco-sensitive accommodations** such as camps, tents and family rooms, together with Singapore's very first Banyan Tree resort.

## Direct access to city centre

Just 500m away is the new **Springleaf station** (on the Thomson-East Coast Line), which will be operational by The Essence's TOP.

The **Thomson-East Coast Line** is connected to every current MRT line.

Enjoy direct access to **Orchard and Marina Bay stations**, which are around **20 minutes away** on the Southbound track.

Also, with **Woodlands North station** just 3 stations from Springleaf station (Northbound track), Johor Bahru becomes a convenient destination.

## Convenient routes to other districts

In addition, The Essence is conveniently located a short distance away from the **North-South integrated transport corridor**, which is expected to be completed around 2026. Running parallel to the **Central Expressway (CTE)**, it will greatly reduce time taken for inter-town travel. A cycling path along the entire stretch of the highway will also link up **Park Connector Networks** and the dedicated cycling path networks within HDB towns along the corridor.
