A serene landscape photograph of a swan gliding across a calm lake at sunset. The swan is in the center-right of the frame, its wings spread wide, creating a small splash of water. The sky is a soft gradient of orange and yellow, transitioning into a pale blue. The water is perfectly still, reflecting the swan and the sky. The overall mood is peaceful and elegant.

A man in a light blue polo shirt is standing behind a young child wearing a white helmet and a light-colored shirt, assisting them as they ride a white bicycle on a paved path. The scene is set in a park at sunset, with a large body of water in the background. A traditional Chinese-style pavilion with multiple tiers and red roofs is illuminated and reflected in the water. The sky is filled with soft, colorful clouds in shades of orange, pink, and purple. In the distance, modern apartment buildings are visible, some with lights on. The foreground is a paved path with green grass and a dense row of purple flowers.

ARTIST'S IMPRESSION

With the use of this concept, we also avoid light pollution with coordinated fixtures that help maintain the natural night skies. We use light sources that do not produce UV – this protects the habitat by reducing the attraction of insects, preserving the biodiversity around the development. The **“Mangata”** lighting concept enhances the overall living experience by protecting wildlife in the surrounding area and reducing impact on the environment with sustainable, energy-efficient appliances – for your home, **our planet and our future.**

 LIVING AT ITS BEST.

A sustainable development by

The development objectives of Wing Tai Asia are directed by quality and progressive design, with a consciousness for the environment. Principles of sustainability are articulated in our design and development approaches for enrichment of living environments, integrating developments into surrounding greenery and locale, transforming living spaces into cherished homes.

Challenging convention while embracing heritage and tradition, exciting yet functional, our projects invite people to appreciate the beauty of timeless design.

We have a steadfast commitment to quality in every aspect of our developments, from immaculate craftsmanship to impeccable service. This finesse is manifested in our pairing of world-renowned architects and designers for collaborations, bringing together contrasting approaches and cultures to create projects that break new ground.

With an attractive portfolio of residential properties that are globally sought after by a discerning clientele, like The M, The Garden Residences, The Crest, The Tembusu, Le Nouvel Ardmore, Belle Vue Residences and Draycott Eight, we constantly seek to create lasting value for our customers.
