## GREATER SOUTHERN WATERFRONT LIVING

Pasir Panjang or "long sand" is Malay was our historical western coastline, home to the wealthiest families in the 20s. In time, this reclaimed waterfront port will transform once more into Singapore's future live work play district.

#### ARCHITECT'S STATEMENT

The tandem arrangement of volumes at the front and rear, distinguished by a brown facade, not only contributes to the aesthetic identity of The Hillshore but also acts as anchor points, framing the tower facade and unifying Blocks 1 and 2.

The central courtyard, beyond its visual appeal, plays a crucial role in environmental design. Functioning as a conduit for natural ventilation from basement to attic, it creates a continuous channel for air circulation, doubling as a grand drop-off area. This thoughtful arrangement ensures a seamless convergence of elemental forces for an enriched spatial experience.

Within the stacked mass, the inner courtyard transforms into a haven for local recreation, providing residents with a dedicated space for leisure within the development.

In essence, the design achieves a delicate balance between form and function, encapsulating The Hillshore's unique character while fostering a sophisticated living environment with a focus on simplicity and experiential richness.

2 EXTENSION OF PASIR PANJANG PARK

A new 2.2km section in Pasir Panjang Park will be part of a 17km route spanning from Labrador Nature Park to West Coast Park that everyone can enjoy more walking and cycling spaces

#### Greater Southern Waterfront

Five times the size of Marina Bay, Singapore's next great waterfront living will connect you to Marina Bay, Jurong Lake and no less than 13 parks including destination parks – HortPark, Labrador Nature Park and West Coast Park

The power station will be moved underground to free up space for a commercial development to sit atop, turning the area into a lifestyle hub.

The 48ha site will be redeveloped to house around 9,000 residential units - about 6,000 public housing flats and around 3,000 private residential units

LABRADOR NATURE PARK NETWORK

More than 200 hectares of green spaces will be established, adding 30km to Singapore's nature trails and park connectors.

The islands will be transformed into a leisure and tourism destination including world class attractions, beach experiences, expanded nature and heritage trails.

#### ONE°15 MARINA SENTOSA COVE

ONE°15 Marina Sentosa Cove offers world-class marina facilities and upscale lifestyle options. West Coast Park - themed as the "Play Centre in the West", is a large regional park located in the southwest of Singapore.

A sunny island in Singapore, Sentosa is home to exciting events, themed attractions, award-winning spas, lush rainforests, golden sandy beaches and resort-style hotels.

It's also Singapore's first integrated resort, Resorts World Sentosa, which operates Southeast Asia's first Universal Studios theme park.

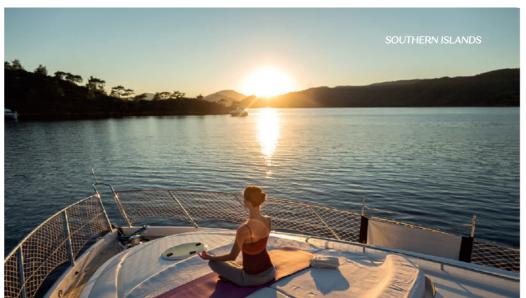

#### HORT PARK

HortPark is a one-stop gardening resource centre that brings together gardening-related, recreational, educational, research and retail activities under one roof. Telok Blangah Hill Park elevated walkway, accessed by the metal bridge, offers the experience of walking through the secondary forest of Telok Blangah Hill at eye-level with the forest canopy.

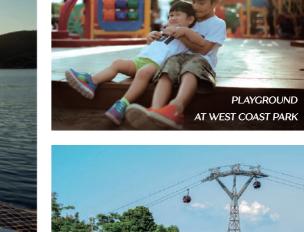

#### MOUNT FABER ▼

One of the oldest parks in Singapore, Mount Faber Park is a popular tourist destination, offering visitors a host of activities. Take a cable car from Mount Faber to Sentosa Island and enjoy the stunning view of the horizon from above.

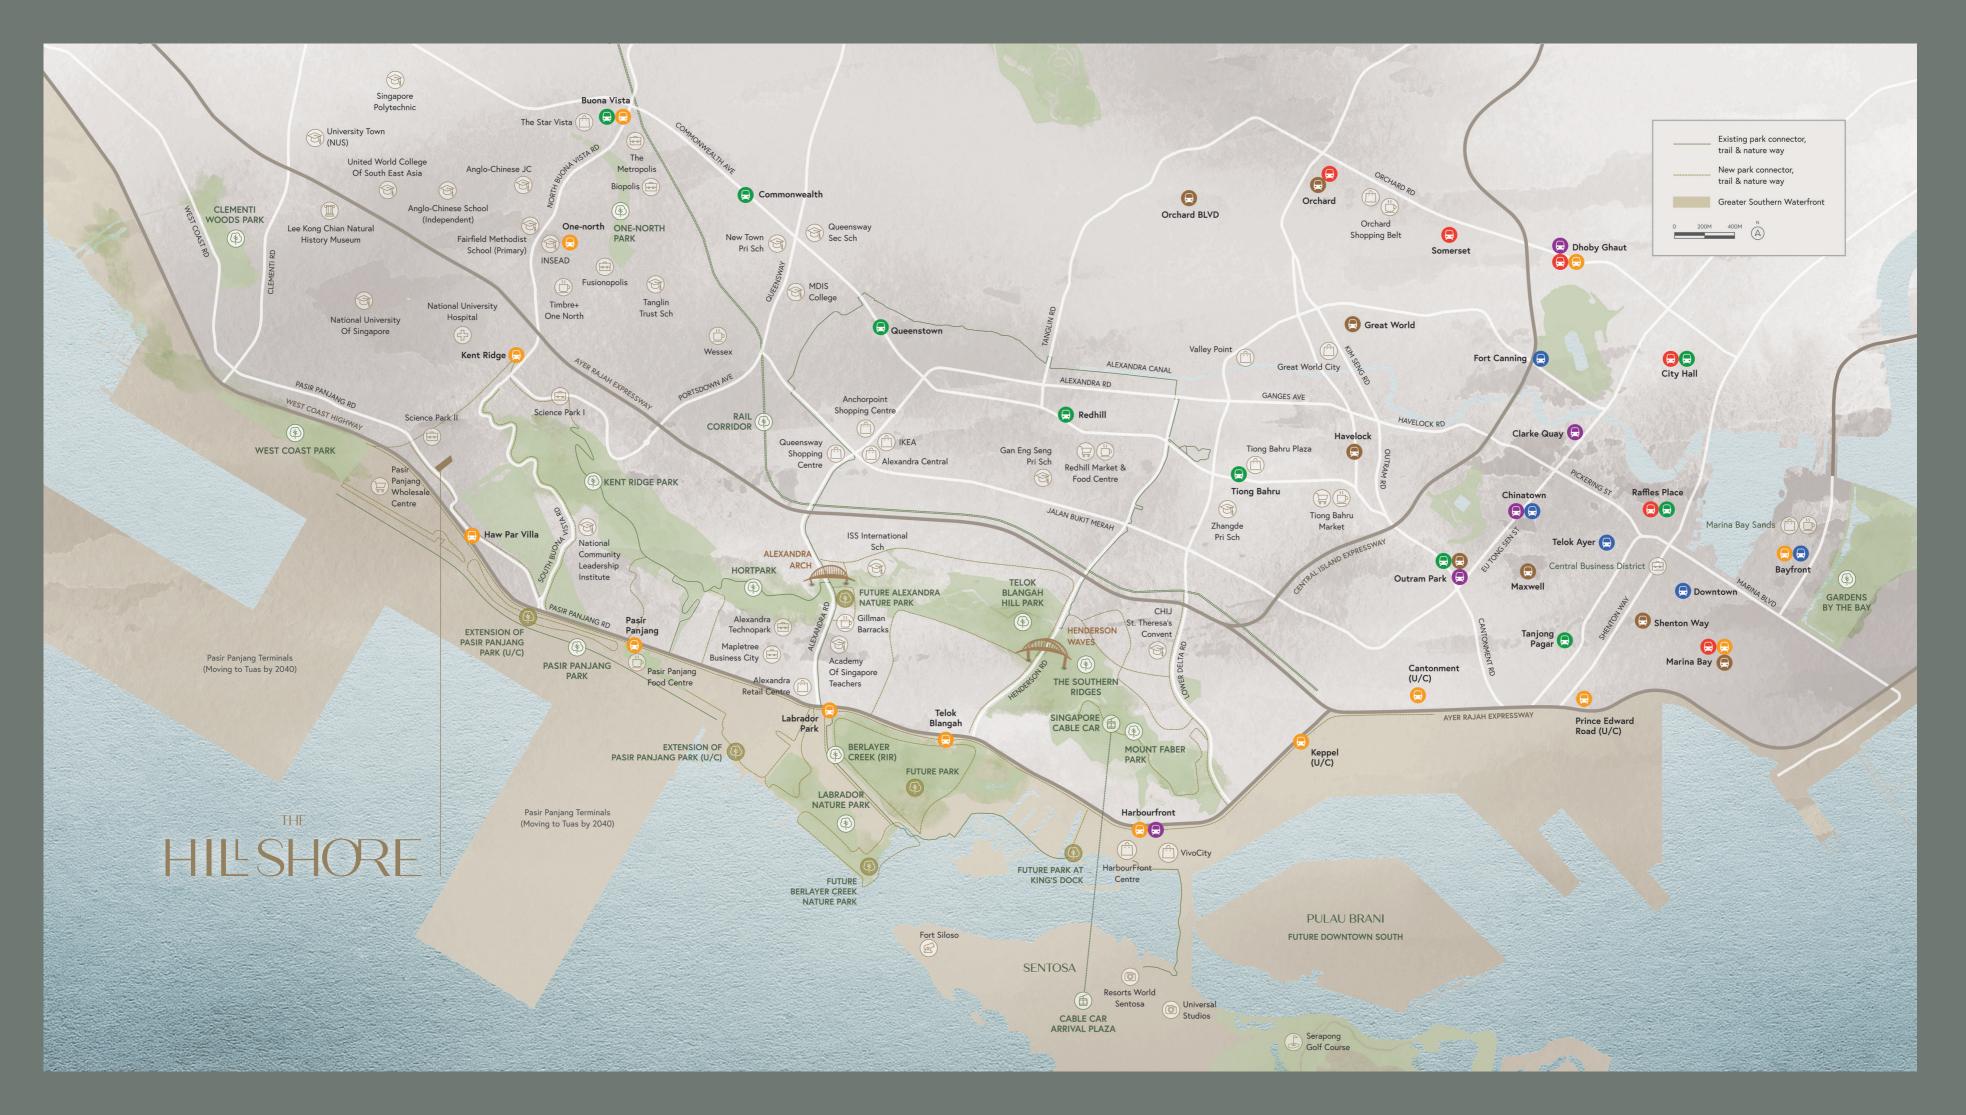

Kent Ridge Park is a historical park and is now a great place for families and history buffs to learn about the heritage of our nation.

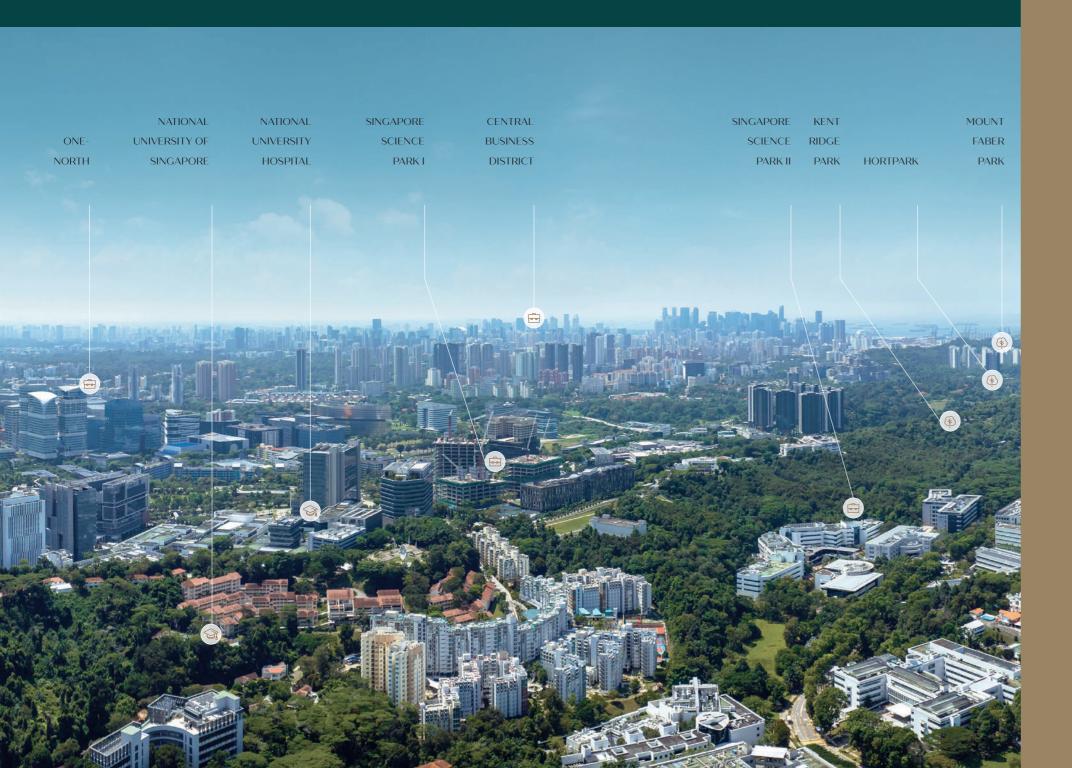

#### HENDERSON WAVES

Standing 36 metres above Henderson Road, it is the highest pedestrian bridge in Singapore, and is frequently visited for its artistic wave.
